Survey Results

Currently, 436 individual parents are registered as Konnective members. Of this number, 75 families have both parents registered which means that 361 of our 452 families (80%) are receiving messages. 116 of our registered parents responded to the survey which represents a 26.6% return rate.

How do I get connected?

Registering and logging in to Konnective is EASY and for those without a smartphone, there is a website version. For step-by-step instructions, please see the reverse side of this flyer. Alternatively you can call Shannon Hewlett on 0408 395 126 who will be more than happy to assist you!

Advantages of being connected...

- Reminders about excursions, open classrooms, school events, parent-organised social events, parent/teacher interviews, dress-up days, committee meetings and more!
- Advance notification of upcoming events (that can be sent to your phone calendar!)
- Notification of assembly and changes/cancellations to classroom programs and events
- Links to weekly school newsletters and curriculum information to connect with your child’s education
- Access to all information in the one place (with links to relevant documents) – great when you’re out and about!
- ‘Real time’ photos of children at excursions/incursions to provide a talking point with your child
- The number of hardcopy notices sent home can be reduced thereby supporting the environment and our new BNPS Recycling Program!
- The opportunity to answer surveys and reply to calls for parental assistance

42.2% of those surveyed prefer to receive messages all at once (with the majority not minding whether this is morning, midday or at the end of day), 41.4% don’t mind when messages are sent, and 16.4% prefer to have messages spread across the day.

Although the survey is now closed, we welcome your suggestions at any time via the feedback box in the foyer.
