29th January 2015

Dear Parents

Re; Beaumaris North Primary School Newsletters

Are you aware that our Newsletter publications, “Waves” and “Community News” are available on alternate weeks on a Thursday and uploaded on our Website –

www.beaumarisnorthps.vic.edu.au

Limited hardcopies are also available from the Information Stand near the Office.

Waves is our School Newsletter. This is published once a fortnight. It includes a section from the Principal, work from the students, information about special dates coming up and news from Specialist Teachers and our Sub-Committees.

Photos of the children are included in both the Newsletters.

On alternative fortnights, ‘Community News’ is issued. The focus is to regularly disseminate information from our School Council Sub-Committees and Welfare groups to our school community. An Insights article by Michael Grose (Parenting Educator) is also attached to Community News.

We use the email address on Cases 21, supplied by you on your child’s enrolment form, to remind you that the Newsletter has been uploaded to the Website each week. Therefore it is important that the Office has an up to date email address for you.

Happy Reading,

The “Lovely Office Ladies”.
