

Year Six Exhibition

Thursday, 27 July, 2017

CENTRAL IDEA:

People's actions can affect society and the environment.

In the final year of the Primary Years Programme, the students participate in a culminating project which is the PYP Exhibition. The Exhibition represents a significant event in the life of a PYP School and student which celebrates the transition of learners from primary to secondary education.

This term Year Six students will be exploring their chosen issues in preparation for their PYP Exhibition early in term 3. They will meet weekly with their mentor teachers to discuss their progress on their journey to Exhibition.

We look forward to sharing our Exhibition with you.

Concepts, Attitudes and Skills will be explored and practised when students research their chosen issue.

Action

Through the course of the Exhibition students will be encouraged to demonstrate how they can take action as a result of their learning.

Please make note of the Year Six Exhibition in your diary. The Exhibition will be presented to the school students during the day and to the school community immediately after school finishing at 4.30pm.

Year 6 Teachers: Mr Brent Plowright, Mrs Claire Badley, Mrs Donna Appel, Mrs Hanna Le Clerc, Mrs Lou Buckley
