

DONATIONS

Second Hand Uniforms for the Uniform Shop

We thank you for your generosity in donating your unwanted uniforms to the school. These will be sold to, and for the benefit of other parents, and for the school to run the Uniform Shop. These are donations and we don't pay or swap for new or second-hand garments. We have 2 donation bins: one in the school foyer for your convenience to drop off when it suits you as well as one in the Uniform Shop for drop off when it is open.

Before you donate your items please inspect them and ask yourself:

“Would I buy this second-hand uniform for my child?”

Please note we ask that donations meet the following expectations:

- They are washed
- All name labels are blacked out so the previous owner's name is not visible
- They don't have broken zips, rips or tears
- They don't have excessive fading or stains

Between 70-90% of the items donated are not saleable and need to be repaired or disposed of either to second hand resellers who will accept these items, or in the bin. This takes up the precious time of our volunteers to sort these. See examples of items that are not acceptable.

Excessive Fading

Rips
