

October 2024

Dear Parents

Beaumaris North Primary School is proud of our students' achievements in 2024 and is looking forward to another great year of teaching and learning outcomes for our students in 2025.

Excellent student outcomes are in part possible with the support of our parent/carer community and their contribution both from a participation and financial perspective.

I would like to advise you of Beaumaris North Primary School's voluntary financial contributions for 2025.

Schools provide students with free instruction to fulfil the standard curriculum requirements, and we want to assure you that all contributions are voluntary.

At Beaumaris North Primary School, we provide exemplary teaching and learning in line with the Victorian Curriculum. We are an Internationally recognised World School and the only public primary school in our area approved to deliver the International Baccalaureate® (IB) Primary Years Programme (PYP) [www.ibo.org](http://www.ibo.org).

Through an inquiry-based learning approach we provide an international education and perspective that develops the intellectual, personal, emotional, and social skills needed to live, learn, and work in a rapidly globalising world. Effectively, our 360-degree learning approach supports the nurturing of future well rounded global citizens.

The ongoing financial support from our families ensures that our school can offer the best possible modern education and support for our students. Our school community expects the very best for students, which we deliver to an exceptional level within the means we have. To keep propelling this forward we need your support.

Thanks to your financial support in 2024, we have achieved the following:

- ❖ Our recent NAPLAN data exceeded Statewide Benchmarks in every curriculum domain. This data reflects our commitment to excellence for all and demonstrates our high achievement.
- ❖ Continue to support a 1:1 device-to-student ratio from Year 2 to Year 6, sparing all BNPS families the expense of purchasing individual devices for their children.
- ❖ Prep and Year 1 students enjoy access to iPads at a ratio of 1:2, supplied and maintained by the school, thus avoiding extra costs for families.
- ❖ Maintained first aid training and qualification for all staff to ensure all medical needs of our students are met, both on-site and during off-site activities.
- ❖ Install additional AED (defibrillator) to ensure prompt access around the school premises, should this be required.
- ❖ The addition of 'Bonnie' & 'Ziggy' to our Therapy Dog program, as an integral component of our wellbeing and engagement approach.
- ❖ Introduction of a dedicated Science teacher, and science program, (Year 3-6) designed to spark curiosity and foster critical thinking.
- ❖ A strong focus on Disability & Inclusion to ensure there is a cohesive approach to the mental health and wellbeing of all students and staff.
- ❖ Maintain both a Facilities Manager and Handyman to uphold our facilities and grounds to the highest standards, ensuring all school equipment complies with OH&S regulations.
- ❖ Employed Emergency Management administrator to oversee and effectively plan for emergencies and critical incidents.

Your contributions to our 'Curriculum' and 'Other Contributions' enable Beaumaris North Primary School to offer the best possible learning program and environment grounded in new technological adoption and best practice learning.

I am pleased that the Victorian Government is providing \$400 per student in 2025 through the School Saving Bonus (SSB), which families can use towards the costs of Extra-Curricular Items & Activities and/or School Uniform.

We are immensely thankful to all the amazing parents and carers whose dedication to fundraising and volunteering time significantly contributes to our students' success. Your active involvement in committees, our canteen and uniform shop, excursions is greatly appreciated and makes a noticeable difference.
